

2025 NTPU Grants for Preliminary Planning of
Applying for Research Projects from the National Science and
Technology Council

Applications are open now!

Deadline: 5:00 pm Feb. 21 (Friday), 2025

- I. Summary of key points for applications:
 - (I) Eligibility: The full-time faculty and research fellows of NTPU (including contracted teaching staff and contracted research fellows) who have executed no more than one NSTC research project within two years prior to the announced starting date of accepting the applications of this grant.
 - (II) Applicants who have previously received this grant and have completed it for more than 2 years should provide the approved budget allocation list of at least one NSTC research project.
 - (III) The upper limit of the grant per application is NT\$120,000. After the grant period ends, the Principal Investigator is required to submit a report to the Office of Research and Development (ORD), and to submit an application for an NSTC research project.
 - (IV) Required document for application: One hard copy and one electronic file of the research proposal.
 - (V) Grant period: From the approval date to Nov. 30, 2025.
- II. Applicant's receipt of relevant awards or grants from NTPU in the past three years will be considered in the review process.
- III. Applications will undergo an internal review conducted by the ORD.
- IV. The regulations and application forms can be downloaded from the ORD website.
