A Course Offerings

Most of the courses provided at Sejong University (courses taught in English as well as regular courses taught in Korean) are open to exchange students.

1. All exchange students should work closely with their advisor from their home institution to ensure that the courses taken at Sejong University are approved for credit transfer.
2. Exchange students will be fully enrolled in each course they take and will be held to the same requirements and grading system as full time Sejong University students. Therefore, students are advised to select the appropriate level of courses. Students may receive an official transcript from Sejong University upon the successful completion of their program. (The transcripts may be given to the students directly or be sent via e-mail or express mail.)
3. Course selection is done through a first-come-first-served system through the online form provided to the students via e-mail.

03 Pre-Departure Information

3.1 Finding your way to Sejong University.

Address : <https://en.sejong.ac.kr/eng/Direction.do>

A Airport Bus

1. Bus Number: 6013
2. Fare: 16,000 KRW
3. Bus ticket can be purchased outside of the arrival gates. The bus departs from platform No. 5 at terminal 1 and No. 31 at terminal 2 (refer to image below). Inform the bus driver your destination : Children's Grand Park / Sejong University
– Terminal 1 Bus stop location

Terminal 2 Bus stop location (Transportation center Basement 1 No. 31)

B Taxi

A taxi ride from the airport to Sejong University can cost between 80,000 KRW to 100,000 KRW.

C Train / Subway

Although this could be an option, we do not recommend students coming to the campus using this option. It tends to be very confusing and time-consuming, especially to those who are new to South Korea.

Subway Station closest to Sejong University is Children’s Grand Park.

IOS : <https://apps.apple.com/kr/app/id311867728>

2. How to set the language

For Naver Map v 5.1.3 or higher: Click on the top left side menu button(☰) > go to 설정(Settings) > and change the 언어(Language Settings).

For your reference, your Android OS/iOS must be Android OS 5.0/iOS 11 or higher to install Naver Map v 5.0. or higher.

3.2 About Life

A Immigration Guidelines (Incheon Airport)

Link : https://www.airport.kr/ap_cnt/en/svc/covid19/quaranti/quarantine.do

B Currency Exchange

The National currency of South Korea is called ‘Won’ (KRW). This is the only currency accepted in commercial transactions. We have found that currency exchange rates in South Korea tend to be lower than those outside of the country. Banks with currency exchange desks are plentiful in Seoul; Sejong University has a bank on campus where students are able to exchange their international currency into KRW. You need your passport and visa for all such transactions.

C Personal Spending Money

We recommend that students have 500,000 to 700,000 KRW (approximately 600 US dollars) available per month for personal expenses. In general, prices in Seoul are comparable to those in North America, Australia, and the U.K. Students are responsible for all meal costs. International ATMs are available on the campus, but they dispense only KRW.

D Personal Computers

Students have the option of bringing their own personal computers, though they do so at their own risk of theft or damage during their travel. The electrical voltage in South Korea is 220V, with a two-pronged plug; students are to provide their own electrical adapters.

The International Student Dormitory has Internet LAN line service available, though students must provide their own cord. Our campus is equipped with Wi-Fi service, but computers purchased outside of South Korea tend not to be able to connect to this system; therefore, we strongly recommend the use of the LAN service with a cord.

E Mobile SIM cards

Free Wi-Fi is provided in all the buildings within the Sejong University campus. However, we highly recommend you to purchase SIM card before your arrival. You purchase a SIM card online beforehand and pick it up at the airport, or you can purchase it directly after you arrive at the airport. Sejong University will require your mobile number at the beginning of the semester.

Online purchase (pick up at airport terminal)
 There’s a variety of SIM card providers online. We have found a blogpost that might help you with purchasing the best pre-paid SIM card plan that suits your requirements. (Link to blog [CLICK HERE](#))

Link : <https://blog.trazy.com/survival-tip-all-about-sim-card-prepaid-sim-card-for-foreigners/>

After you purchase your SIM card online, you can choose the pick-up point. (Terminal 1 or 2). Before you select the terminal number, please check the terminal that you land on. (Terminal 1 and 2 is far away)

**Before you depart from your home country, make sure your mobile / smartphone is not country locked. (Smartphones purchased outside of Korea may be country locked. This can only be unlocked at the country of purchase)

04 VISA / Post-Arrival Information.

A Student VISA (D-2)

1. In order to study in South Korea, you will need a student visa (type: D-2-6), which must be obtained from the Korean Embassy or Consulate abroad.
2. Sejong University will issue the Certificate of Admission, which is one of the required documents for visa application at the Korean Embassy or Consulate in your country.
3. You will also need to present a valid passport, evidence of financial support and any other documents required by the embassy or consulate.
4. Student VISA must be applied in your home country.

(Please check with the Korean Embassy or Consulate in your country to determine what documents are required for D-2 visa application.)

B Orientation

So please make sure to submit correct email address on your application. Also, please check your email regularly to not to miss out on any important notices. Moreover, we have found that some university emails block exchange@sejong.ac.kr through its own spam blocking system. Please be sure to include exchange@sejong.ac.kr on your whitelist. If you are not able to receive emails from exchange@sejong.ac.kr, you can change your email address during your application.

C After Arrival

Within 90 days of your arrival in South Korea, you must apply for a Alien Registration Card (ARC) at the Immigration Service Office. This procedure will be guided by the our partner, KISF (The Korea Immigration Service Foundation) Visa Agency at the beginning of the semester.

** Fail to complete Alien Registration on time may result in compulsory eviction from the Republic of Korea, subject to imprisonment for up to one year or fines of up to 10 million won (Article 46 Paragraph 1 Subparagraph 12 and Article 95 Subparagraph 7 of the Immigration Act. This would be the one of most important thing you have to do after your arrival, so please carefully check your email when there is notification for Alien Registration.

The required documents include :
