Students planning to continue their studies at Memorial University beyond the Summer Session	<p>Some students may take part in the Intensive English Program (IEP-G) or Intensive English Bridge Program at Grenfell (IEBP-G) summer session as a short-term study experience. Other students may study in the IEP-G or IEBP-G summer session to improve their proficiency levels and proceed to further study in the fall semester, either as students in a higher level of our IEP-G/IEBP-G or to take full-time undergraduate course loads. Students who intend to proceed to full-time undergraduate course loads as exchange students will need to submit an additional application and meet the necessary exit requirements at the end of the summer session.</p> <p>Please note that students must meet the proficiency requirements of at IEBP-G (see chart above) at the time of intake for the summer session in order to be considered for the exchange program for the fall semester.</p> <p>Students who wish to proceed to full-time undergraduate study in a future semester and who take IEBP-G in the summer session must achieve an 85% or higher on their ESL final progress report as well as a B or higher in their undergraduate course. In addition, such students must submit a writing portfolio for review in order to exit the program at the end of the semester. Students who do not meet the necessary exit requirements for progression to full-time undergraduate study at the end of the summer session may proceed to IEBP-G Level 2 in the fall semester.</p>

More Information on Grenfell Campus:

Student Population	There are approximately 1500 students registered in undergraduate and graduate programs at Grenfell Campus of Memorial University in our Fall and Winter semesters. Throughout the pandemic, these students have taken part in fully online, in-person, and hybrid courses, depending on changing circumstances.
Campus facilities	<p>The Arts and Science Building on the Grenfell Campus of Memorial University houses the offices and classrooms for the School of Arts and Social Science, the School of Science and the Environment, as well as the science labs, administrative offices for the campus (Office of the Registrar, the Bursar's Office) and recreational facilities. Other buildings on campus include the Library, Fine Arts building (which houses our theatre and Grenfell Art Gallery), the Forest Centre building, and student residences.</p> 
Community Information	<p>Corner Brook is a small city with a population of approximately 20,000 people. Due to Corner Brook’s position as a retail centre for Western Newfoundland, it has the amenities of a much larger city, including shopping malls, a cinema, recreational and cultural facilities. Grenfell Campus is located approximately 1.5km from Corner Brook’s downtown core, which has numerous shops, businesses and restaurants. The Corner Brook Stream Trail, a network of scenic walking paths around the city, can be accessed from campus, and Marble Mountain ski resort is located a 10-minute drive from campus. For more information about Corner Brook, visit: www.cornerbrook.com. For more information on Newfoundland and Labrador, visit: www.newfoundlandandlabrador.com.</p>
Support for international students	<p>Grenfell Campus offers the services of an Exchange Coordinator, ESL Coordinator and International Student Programming Coordinator to inbound students. Some of the services provided by these individuals may include (but are not limited to): assistance with course registration and housing application, pre-arrival inquiries, airport greeting upon arrival, peer-support, orientation, holiday programs, workshops for student development, and multiculturalism events.</p>
How to get to Grenfell Campus	<p>Corner Brook is a 40-minute drive from the nearest airport, Deer Lake Regional (YDF). From outside of Canada, students will clear customs in cities such as Toronto, Montreal, Halifax or St. John's, then catch a domestic connecting flight to Deer Lake Airport. Deer Lake Airport is serviced by Air Canada, which has several codeshare partners internationally with Star Alliance. (www.aircanada.com or www.staralliance.com).</p>
Advice on selecting students for Grenfell Campus	<p>Because we are a small campus, in a smaller city, we recommend Grenfell as an option for students who are independent and adventurous. Students interested in outdoor activity as well as community and campus involvement tend to do very well at Grenfell Campus. Our class sizes are small and the campus is very friendly, so our campus is a good location for students who want the opportunity to improve their English language skills and experience a new culture. Our city does have good amenities for a city of its size; however, students interested in a more urban experience (shopping, restaurants, etc.) are likely to find our location challenging.</p>
